

IMPORTANT UPDATE FOR PASSPORT GMID

Euromonitor International's Passport GMID, is pleased to announce an exciting enhancement with a new feature called **MyPages**.

MyPages will enable you, as a user, to customise these pages with the content you use most frequently for your day to day research.

It is a completely customisable tool which will allow you to:

1. **Create your own customised email alert**
By selecting the categories and geographies you are interested in, you will receive an e-alert keeping you up to date with the latest developments.
2. **Sign up to our RSS News feed**
Receive timely updates on new content viewable via iGoogle, Outlook etc. from your customised content.
3. **My Home Page**
View all your customised content in one place, along with your latest saved searches. Add your preferred landing pages to your My Home page using the Favourites function (the star) for faster access to the main pages you use the most.
4. **Saved Research**
save your research and queries if you are in a hurry and need to access them later or to share with your colleagues

To be able to take advantage of this new feature the **only** time you will need to register your details is the **next** time you click on the **Passport GMID** link on your library resources page.

Click on **New Users Register** here to create your own personal profile. If you have already created your own profile, enter your log-in details and you will be prompted to update your details with your university-issued email address and you will then be able to activate your **MyPages**.

MyPages is your unique homepage where you can manage the content which interests you the most, keeping you up to date with relevant updates, faster access to content enhancing your user experience and knowledge of the database.
