

SAI Global provides full text access to:

- all current Australian Standards
- joint ISO/Australian Standards
- joint NZ/Australian Standards
- current draft Australian Standards
- amendments of Australian Standards, and
- most Standards Australia handbooks.

The University of South Australia currently holds **four licenses**. This means only four people can access the database at any one time. If you are unable to access the database please try again later.

To access SAI Global do the following:

SAI Global : standards online. : Save Print Cite

Online: ● On campus access to SAI Global Online (4 user license)
● See access details for off campus below

Access Details:
 Username: [redacted]
 Password: [redacted]
 Access Link: <http://www.saiglobal.com/online/>
 Description: Please copy the Username number above into the User ID box. Please copy the Password details above into the Password box. Enter your last name and location into the Last Name/Location box. For example if your last name is Smith, enter Smith/Adelaide (including the forward slash) in the Last Name/Location box.

Authors / Contributors: Standards Association of Australia; SAI Global;

- select the **Databases** link from the Library homepage.
- select **Standards and Patents** under the **Browse by Subject** menu (right).
- select **SAI Global: standards** to open the database record.

If you are on campus select the **on campus access link**.

If you are **off campus** refer to the **Access Details** box. Take note of the username and password to log on, then select the **Access Link**.

Searching for an Australian Standard

Use the **Quick Search** to search for a standard number (e.g. AS1170.0) or to do a keyword search. Ensure you have the **Australian** option checked.
