

**SAI Global** provides full text access to:

- all current Australian Standards
- joint ISO/Australian Standards
- joint NZ/Australian Standards
- current draft Australian Standards
- amendments of Australian Standards, and
- most Standards Australia handbooks.

The University of South Australia currently holds **four licenses**. This means only four people can access the database at any one time. If you are unable to access the database please try again later.

**To access SAI Global do the following:**

- Type **SAI Global** into the library catalogue.
- select the suggested database: **SAI Global Online** from the search results
- Select **SAI global standards online** from the view online section
- If you are on campus select the on campus **link** as per the box below.
- If you are **off campus** refer to the **Notes**. Take note of the username and password to log on, then select the off campus **Link**.

### SAI Global : standards online

If you are on campus, please access SAI Global from [this link](#).

If you are not on campus, please access this title via the link below and logon with the credentials provided.

[SAI Global : standards online](#)

- **Notes:-**
  1. Please copy the Username below into the User ID box.
  2. Please copy the Password below into the Password box.
  3. Enter your last name and location into the Last Name/Location box.  
For example if your last name is Smith, enter Smith/Adelaide (including the forward slash) in the Last Name/Location box.
- **Username:-** XXXXXXXXXX
- **Password:-** XXXXXXXXXX

## Searching for an Australian Standard

Use the **Quick Search** to search for a standard number (e.g. AS1170.0) or to do a keyword search. Ensure you have the **Australian** option checked.

**AS/NZS 1170.0:2002 is now ready for viewing...**  
Open Document Save File (right click)  
(514K - Download Time subject to file size and your connectivity)

From the results page you can:

- see the history of the standard.
- select **View Document** to download the standard. Once downloaded the standard can be printed (select open) or saved as a PDF (select save file).

If you want to do a new search select the **quick search** option to start again.

## Advanced search options

The **Power Search** will give you more search options for finding standards including searching by reference number, keyword in title, full text, and keyword in abstract.
